Jeitler Rafael, if22b172@technikum-wien.at

Title of the project

Web shop – Make Local People Thrive Again!

Problem description

Build a Web shop for smaller Businesses who want to expand their local business with an online business.
Link multiple small Businesses to a bigger Web shop hosted by us.

Solution description

A web shop with modern design, where businesses can list and sell their items.
The Small Businesses get more Customers we get a Fee and a small percentage of the Products which are Amazon competition for small and local Sellers.

Technical environment

HTML, BOOTSTRAP, PHP, JScript, SQL-Databases, (Python?), (AI-Customer Bot?), cloud-server (AWS or Firebase), Security Frameworks, for payment (Stripe ??)

Other remarks

Admin functions, Sales Overview/ Statistics, Scalability, Customer Profile
